14:00–14:30	Richard Leyland	Integral Points on Conics

NOTES:

- (1) Jeff 319 has a data projector, overhead projector, and chalkboard. You are welcome to use any combination of these in your presentation. I will bring the department laptop which can display pdf files and run powerpoint but which is also a bit slow. You may want to bring your own computer instead.
- (2) The presentations should be 20 minutes long.
